

Showcase your community and nourish pride through **Communities in Bloom**

Communities In Bloom is a Canadian beautification program that provides information, education and inspiration for advancement in floral displays, landscapes, turf, urban forestry, community involvement, heritage conservation, environmental awareness and tidiness.

This volunteer-based, non-profit organization is committed to fostering civic pride, environmental responsibility and beautification through community participation and the challenge of national competition.

Communities in Bloom began in 1995 with 29 Canadian communities. Today, over 100 municipalities participate at the national level with hundreds more registered in the provincial editions.

Communities in Bloom promotes involvement and action by citizens of all ages, the municipal governments, local organizations and businesses. The program strives to improve the tidiness, appearance and visual appeal of Canada's neighbourhoods, parks, open spaces and streets through the imaginative use of flowers, plants and trees. A focus on environmental awareness and preservation of heritage and culture is also an integral part of its success.
